

EXTRA FUN STUFF TO DO WHILE CAMPING!

- Stargaze
- Wish-on-a-star
- Make s'mores
- Find a satellite in the night sky
- Make wikiups (gather small sticks and gather them up into young teepees)
- Forage
- Hike
- Trail yoga
- Put on a play!
- Build a rock cairn to temporarily mark your campsite
- Make a tiny labyrinth (spiral) using pebbles
- Make nature instruments
- Play music together
- Build a fairy house
- Listen to the silence
- Make s'mores
- Tell stories
- Read books aloud
- Birdwatch
- Watch sunrise or sunset
- Practice writing nature haiku's (5-7-5)
- Make twig frames
- Dandelion crowns
- Dandelion/maple whirlybirds/helicopters (samaras)

**IMPORTANT CAMPING REMINDERS!

It's great fun to forage around the campsite for pinecones, pebbles, feathers, flowers, sticks. But some sites and parks don't allow campfires AND/OR picking things such as wildflowers or taking rocks home or even certain bird feathers, such as bald eagle feathers. Check with the park or campsite rules for where you are staying to make sure the area allows campers/hikers to remove rocks and other treasures. If not, remember to leave those treasures untouched or left behind for the next campers to admire. Not all plants, flowers, and berries are touchable either. Some are poisonous! Always check with an adult before touching anything in the forest or wilds. Here's a good poisonous plant resource.
