

## Paper Daisy Crowns or Super Hero Bands

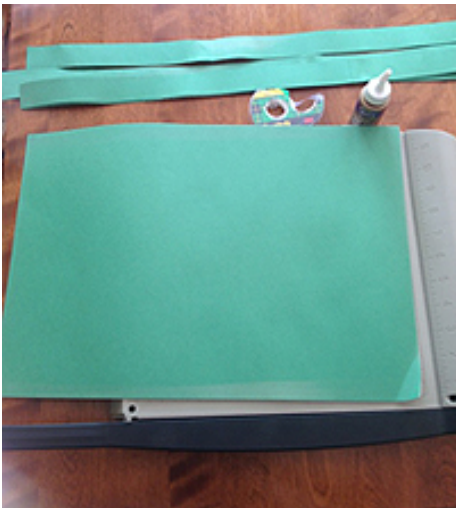

### You will need:

- Green construction paper (or red and blue)
- White construction paper daisies (or blue, red, yellow stars for Super Hero Bands)
- Tacky glue
- Tape
- Paper cutter (FOR ADULT USE ONLY)

### Note:

Each strip needs to measure approx 1 1/4 inch X 25 inches. Using a paper cutter, carefully cut long 18" X 1 1/4" strips.

Cut half of them in half and then glue the shorter pieces to the long strips to make longer strips measuring 25" long. This will now fit most children's heads.

You will find a daisy template on my [Pinterest board](#) along with other party ideas.

For star templates, I used a star stencil from the craft store. Or you can make your own stencil.

Child glues daisies into place on the band.

You will need an adult to fit and tape the band around each child's head.
